TWELVE INNING, NERVE-RACKING BASE BALL GAME.

**Goddard Seminary Defeated
Her Old Rival, Montpelier
Seminary, By Score of 7 to
6, in One of Most Exciting
Games Ever Played Here.**

**Exciting Finish to an Interesting
Contest Furnished By Seaver
Who Practically Won the Game
for the Home Team By Superb
Batting.**

By clean, hard playing Goddard seminary yesterday afternoon in the best base ball game ever seen on Goddard campus by a score of 7 to 6. It took twelve innings to tell the story, but they were twelve of the most exciting and well played innings that have been witnessed on the campus in years.

There was an unusually large crowd present from this city as well as from Montpelier and their interest in the game did not lag for an instant. The yells of the two schools were constantly kept up in rivalry with each other, and each side confident that its team would win.

Lewis went into the box for Goddard and pitched a good, steady game up to the sixth inning, allowing only one hit. He kept M. S. from scoring until then, when the visitors found him for three hits and with several errors by the rest of the team ran in four scores. Fraser was then put into the box and pitched the rest of the game, striking out four men and giving two bases on balls, but holding Montpelier well in hand.

Seaver was the star player of yesterday's game, making one of the prettiest home runs ever seen on the campus and practically winning the game for Goddard. His home run came just in the most critical part of the game in the ninth inning, bringing in three scores, and tying the game. The score stood previous to that 5 to 2 in Montpelier's favor.

Goddard took the field first and M. S. went out in one, two, three order and Goddard followed suit. In the second M. S. again went out without scoring, but the home team started out with two base hits by Seaver, a strike out by Fraser, followed by Butler who went out at first. Seaver stole third and came in on Lewis' single to left field.

Third inning score 1 to 0. Parker went out on a hit to Grant. Drennan struck out followed by Eastman. Pike went out on a fly to right, Berry hit safely to right and stole second. Buchanan went out on a hit to pitcher and Murray struck out.

In the fourth inning the score stood 1 to 10. Scott went out on a hit to the pitcher, Phillips went to first on a hit to left. McIver flied out to Pike, and Scott stole second. Crapo went out on a high fly to Pike. In Goddard's half, Grant struck out. Seaver walked and went to second on Fraser's hit to Parker who fumbled and stole third. Butler hit to third and Fraser was caught at second. Seaver scored on a wild throw to third by Miner. Butler stole third and Lewis went out on hit to Crapo.

Fifth inning, score 2 to 0 in Goddard's favor. Huntington went out on a hit to Grant. Miner was out on a foul which Buchanan caught after a run. Parker walked and stole second, but Drennan retired the side by a hot liner to Berry. For Goddard Pike went out on a hit to Crapo, Berry was out on a hit to Drennan and Buchanan followed suit with an easy one to Crapo.

Sixth inning, 2 to 0. Eastman grounded to Fraser who fumbled. Scott bunted to Grant who threw wild to second and Eastman went to third.

Phillips struck out. Melver made a two base hit to center and Crapo drove out another through Butler scoring Melver. Crapo scored on Huntington's single. Miner struck out and Huntington was caught stealing third. Murray walked and Grant struck out. Seaver singled to right, Fraser hit to Scott who fumbled and Murray was caught at the plate. Butler went out on a fly to Huntington.

The seventh inning opened with Montpelier ahead 4 to 2. Fraser went into the box, Seaver took first base and Smith went to left field. After this change M. S. went out in one, two, three order and Goddard did the same.

Eighth inning, 2 to 4. Phillips singled and was caught stealing second. Melver went out on a fly to Butler. Crapo made a home run over center and Huntington died on a fly to Smith.

Buchanan struck out. Murray walked and Grant singled and both came in on Seaver's home run to the center field gate. Fraser struck out. Butler flied out.

The ninth inning closed 5 to 5. Miner Parker and Drennan were out in succession on assists to Fraser, Pike and Murray. Smith went out on fly to left, Pike was out on a hit to Crapo. Berry singled and Buchanan walked, Murray fumbled.

Tenth inning 5 to 5. Eastman struck out. Scott was out on a grounder to Murray. Phillips walked, Melver went out on a fly to Butler. Grant fumbled. Seaver flied out, Fraser retired on a liner to Huntington.

With the score still 5 to 5 the eleventh inning opened. Crapo made a two base hit and stole third. Huntington fanned. Miner struck out and Parker flied out. Buchanan who made another difficult catch. Butler singled and Smith hit to

short and both went out on a double play. Pike was out in a hit to Huntington.

The twelfth and what proved to be the last inning opened with the score still tied. Drennan hit to Grant who threw wild to first. Eastman struck out. Scott out on a hit to the pitcher. Phillips singled and then Drennan scored on Melver's scratch. Crapo went out on a hit to short. With the score against them Berry made a two base hit over left field fence. Buchanan was out on a liner to Crapo and Murray was out on a grounder to Crapo. Grant knocked a hot grounder through first base and right, which rolled into right field, scoring himself and Berry, but the umpire called Grant back to second base on account of the rules of the ground that only two bases can be taken on a hit over bank. Seaver, the next man, won the game by knocking out a liner to left field and Grant scored, the score being reversed in favor of Goddard.

GODDARD CELEBRATED.

Spirits Were Exuberant Over Downfall of Rival.

Goddard celebrated her well earned victory over Montpelier seminary last evening with a bonfire and street parade. As soon as it became dark on the campus the barrels, trees, board fences and everything that the students could lay their hands on that would burn was touched off and the signal f drums, horns, yells and songs was given.

Immediately there was a war dance that would put any Indian war dance to shame. The celebrators then formed in line and started on a march to Main street, followed by a howling mob of boys up Main street to Ayers, over Hill to Washington and back down Main.

CONSPIRACY IS CHARGED

**Another Scandal in P. O.
Department.**

D. V. MILLER ARRESTED

**Ryan Turf Investment Company Said
to Be Mixed Up in the
Scandal.**

Washington, May 25.—Postmaster General Payne today summarily dismissed Daniel V. Miller, assistant attorney in the office of the assistant attorney general for the postoffice department for conspiracy in connection with the case of John J. Ryan & Co., charged with fraudulent use of the mails.

Miller was taken to the city hall tonight and placed under arrest by a deputy marshal. He waived examination and was released on \$1500 bonds for appearance at court in Cincinnati next autumn.

A warrant on the same charge has been issued for the arrest of Joseph M. Johns a lawyer of Rockville, Parke county, Ind. It was intended to have both arrests made at the same time, but no report has been received yet of John's apprehension.

It is stated that the amount offered Miller as a bribe aggregated several thousand dollars and was in the form of a cash payment, followed by a check. This payment is alleged to have taken place in Cincinnati, so the case will be tried there, probably in the October term.

HAVE MADE DEMAND FOR NINE-HOUR DAY

**Rumor That There Will Be Trouble
at the Rutland Marble
Works.**

Rutland, May 27.—The rumor has been current here for several days that there is trouble on between some of the local marble concerns and their employees, but both sides deny that the matter has come to a head. The employees of the Vermont Marble Co., the Rutland-Florence Marble Co., and the Columbia Marble Co. work 10 hours a day and nearly all the other marble workers in this country work 8 or 9 hours.

The local marble workers have been agitating the matter of a nine hour day for some time and a prominent labor leader stated yesterday that a demand for a nine hour day had been presented to these firms. The officials of all three firms deny that such is the case, but the fact is known that they are daily holding conferences and discussing some subject which they say is purely a social matter. A strike of the marble workers, if such a thing should come to pass, would be a very serious affair because nearly 10,000 men in this section are employed in this business.

All the farmers have taken up their sheep. Every effort will be made to kill the bear.

FINE SHOWING BY THE CONSTITUTION

**Although Reliance Was Ahead the
Constitution Was Gaining
Slowly.**

Glencove, May 26.—A breeze of nine knots blew all the forenoon and at 11:45 the committee boat signalled for a 15 mile course for today's race.

Reliance got over the line first at 12:15.08 followed by the Columbia at five seconds later and the Constitution at 12:15.25. Constitution passed Columbia almost immediately and working well up to windward of other two boats gained considerable on Reliance in five minutes.

Reliance rounded the first mark at 12:43.22. Constitution, 23 seconds later, Columbia 13:45.20. After gibing around the mark Reliance's crew was slow in breaking out the balloon jib topsail, giving the Constitution a chance to creep up on her.

HARVESTERS FOR KANSAS.

Over Sixteen Thousand Men Will Be Needed This Year.

Kansas will need 6,570 more harvest hands this year than have ever been called for since the state free employment bureau was established, says the Kansas City Star. The total number which will be needed to harvest the wheat crop, according to reports from township trustees, county clerks and grain dealers, compiled by T. B. Gerow, director of the free employment bureau, is 16,875. Conditions have changed to such an extent since the big crop of 1901 that all the harvest hands called for this year must come from outside the state.

In 1901 the drought affected the corn and other crops so that the Kansas counties outside the wheat belt were able to supply nearly all of the 10,000 men needed. Mr. Gerow has been unable to find a county outside the wheat belt which will be able to supply harvest hands this year.

A NEW SANDWICH.

Novel Method of Serving Ice Cream on the Streets.

A new kind of ice cream sandwich recently made its appearance on the streets, says the Philadelphia Press. It is an English invention, but a hustling vender has secured the American rights to it and has placed it on the market. Once the ice cream peddlers sold their ware on a slip of paper, which when the cream was eaten was thrown away. Then the ice cream sandwich as we know it now came into being. Now, however, we have a combination of the two, for the new sandwich is a cracker cup filled with cream.

The English process, which bakes the cracker in the form of a cup, also imparts various flavors to it and the happy street urchin can eat his delicacy without having to throw the receptacle away, as he used to do, and without losing any of the cream by leakage as is now the case.

Cheaper Panama Hats.

Juan B. Flores, a Peruvian manufacturer of panama hats, who was at the Hotel Baltimore in Kansas City the other day, says, according to the Kansas City Times, the panama hat will be just as popular this year, but that it will be less expensive than it was last summer. Mr. Flores says that he sold 7,000 dozen panama hats last season in the United States and expects to sell many more than that this year. He says the lateness of the spring season this year has hurt the panama hat business considerably.
